## Child Safe Policy

### INTRODUCTION

Brighton Primary School is an internationally minded school. Our reputation stands on honouring our history, focusing on the present and preparing for the future. We believe that the growth of our children is at the heart of our community.

By focusing on the whole child, we facilitate a sense of belonging and achievement through powerful interactions with other learners and rich learning tasks.

Our school culture of shared responsibility and collaboration ensures that the Hearing Unit functions as an integral part of the school community, supporting students to fully access mainstream education.

We are committed to highly effective learning and teaching which is built on relational trust. We have positioned ourselves globally through our membership of Council of International Schools and authorisation by the IB to deliver the Primary Years Program and develop global citizens.

The Primary Years Program focuses on the total growth of the developing child, touching hearts as well as minds and encompassing social, physical, emotional and cultural needs in addition to academic progress. The underlying philosophy complements the school's commitment to child safety

### PURPOSE

This policy has been developed in recognition of Ministerial Order No. 870 – Child Safe Standards – Managing the Risk of Child Abuse in Schools. The Ministerial Order is a key part of the Government's response to the recommendations of the Victorian Parliamentary Inquiry into the Handling of Child Abuse by Religious and other Non-Government Organisations.

### RATIONALE

Our Child Safe Policy or Commitment Statement influences our organisational culture by providing an overarching set of principles that guide the development of other organisational policies and procedures that aim to protect children from abuse.

Our public Commitment Statement and Policies on Child Safety help raise awareness about the importance of child safety in the organisation and the community and can be located on our webpage.

### POLICY

#### **Our Commitment to Child Safety**

Community links and connections are essential at Brighton Primary School. As a school we are passionate about engaging the community and strengthening authentic community links. Together we strive to create a dynamic, engaging and safe environment for all our students.

Brighton Primary School offers children a secure learning environment catering for the specific needs of primary school aged children. It is a friendly and family orientated community of learners who are confident, creative and challenged to achieve their full potential within a safe, happy and supportive environment.

# Brighton Primary School Child Safe Policy

Brighton Primary School is committed to child safety. As a community we want children to be safe, happy and empowered. We support and respect all children, as well as our staff and volunteers. We are committed to the safety, participation and empowerment of all children. There is zero tolerance of child abuse, and all allegations and safety concerns will be treated very seriously and consistently with our robust policies and procedures. We meet our legal and moral obligations to contact authorities when we are worried about a child's safety, which we follow rigorously.

Brighton Primary School is committed to preventing child abuse and identifying risks early, and removing and reducing these risks. We have robust human resources and recruitment practices for all staff and volunteers. Our school is committed to regularly training and educating our staff and volunteers on child abuse risks. As a community we support and respect all children, as well as our staff and volunteers. We are committed to the cultural safety of Aboriginal and Torres Strait Islander children, the cultural safety of children from a culturally and/or linguistically diverse background, to providing a safe environment for children with a disability and vulnerable children.

At Brighton Primary School we are very proud of the children who make up our school and the part that the school plays in their development. We build positive relationships with our school community and nurture happy, confident and well-balanced students. In partnership with parents we will work together to provide your children with the skills, knowledge and values that will support them as they grow up in a complex and changing society.

Brighton Primary School has specific policies, procedures and training in places that support our leadership team, staff and volunteers to achieve these commitments.

## **Our Children**

This policy is intended to empower children who are vital and active participants at Brighton Primary School. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and tolerance in our organisation, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- promote the cultural safety, participation and empowerment of Aboriginal and Torres Strait Islander children
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds
- ensure that children with a disability are safe and can participate equally
- ensure that vulnerable children are safe and can participate equally

## **Our staff and volunteers**

This policy guides our staff and volunteers on how to behave with children in our organisation.

All our staff and volunteers must agree to abide by our code of conduct which specifies the standards of conduct required when working with children.

## Training and supervision

Training and education are important to ensure that everyone in our organisation understands that child safety is everyone's responsibility. Our organisational culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal and Torres Strait Islander children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of vulnerable children, and children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand Brighton Primary School's commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate. Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

## Recruitment

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Brighton Primary School understands that when recruiting staff and volunteers we have ethical as well as legislative obligations. We actively encourage applications from Aboriginal and Torres Strait Islander peoples, people from culturally and/or linguistically diverse backgrounds, vulnerable people and people with a disability.

All people engaged in child-related work, including volunteers, are required to hold a Working with Children Check and to provide evidence of this Check. Please see the [Working with Children Check](http://www.workingwithchildren.vic.gov.au) website <[www.workingwithchildren.vic.gov.au](http://www.workingwithchildren.vic.gov.au)> for further information.

We carry out reference checks and require proof of police record checks where applicable to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment and are discarded after the recruitment process is complete. We do retain our own records (but not the actual criminal record) if an applicant's criminal history affected our decision-making process.

If during the recruitment process a person's records indicate a criminal history then the person will be given the opportunity to provide further information and context.

## Fair procedures for personnel

The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.

We record all allegations of abuse and safety concerns, including investigation updates. All records are securely stored. If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and any actions we as an organisation take.

## Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents, or children, unless there is a risk to someone's safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

## Legislative responsibilities

Brighton Primary School takes our legal responsibilities seriously, including:

- **Failure to disclose:** Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to the police.<sup>[1]</sup>
- **Failure to protect:** People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.<sup>[2]</sup>
- Any personnel who are **mandatory reporters** must comply with their duties.<sup>[3]</sup>

## Risk management

In Victoria, organisations are required to protect children when a risk is identified (see information about failure to protect above). In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children.

We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks, which include risks posed by physical environments (for example, any doors that can lock), and online environments (for example, no staff or volunteer is to have contact with a child in our organisation on social media).

## Regular review

This policy will be reviewed annually and following significant incidents if they occur. We will ensure that families and children have the opportunity to contribute. Where possible we do our best to work with local Aboriginal and Torres Strait Islander communities, culturally and/or linguistically diverse communities and people with a disability.

## Allegations, concerns and complaints

Brighton Primary School takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff and volunteers are trained to deal appropriately with allegations. We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about failure to disclose above).

If an adult has a **reasonable belief** that an incident has occurred then they must report the incident.

Factors contributing to reasonable belief may be:

- a child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- behaviour consistent with that of an abuse victim is observed<sup>[4]</sup>
- someone else has raised a suspicion of abuse but is unwilling to report it
- observing suspicious behaviour

---

<sup>[1]</sup> A person will not commit this offence if they have a reasonable excuse for not disclosing the information, including a fear for their safety or where the information has already been disclosed.

Further information about the failure to disclose offence is available on the [Department of Justice website](http://www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+disclose+offence) [www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+disclose+offence](http://www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+disclose+offence)

<sup>[3]</sup> Mandatory reporters (doctors, nurses, midwives, teachers (including early childhood teachers), principals and police) must report to child protection if they believe on reasonable grounds that a child is in need of protection from physical injury or sexual abuse.

See the Department of Health and Human Services website for information about [how to make a report to child protection](http://www.dhs.vic.gov.au/about-the-department/documents-and-resources/reports-publications/guide-to-making-a-report-to-child-protection-or-child-first) [www.dhs.vic.gov.au/about-the-department/documents-and-resources/reports-publications/guide-to-making-a-report-to-child-protection-or-child-first](http://www.dhs.vic.gov.au/about-the-department/documents-and-resources/reports-publications/guide-to-making-a-report-to-child-protection-or-child-first).
